I'm always learning new things and willing to learn even more, making myself accountable in the process and building reliable and efficient systems as consequence.

If there is something that I love as much as learning new things, it is just teaching others what I've learned.

Skills

Computer skills

- **Microsoft Office Suite:** Familiar with Word, Excel, Powerpoint and Outlook.
- **Microsoft Windows:** Practical knowledge of Windows operating systems and software troubleshooting.
- **Linux & Bash:** Extensive knowledge of Linux Desktop operating systems and familiarity with the Linux command line.
